

Panga FieldOps Ltd – Field Agent Onboarding Materials

1. Standard Operating Procedures (SOP)

Objective: Guide agents in accurately collecting, uploading, and verifying rental property data for Panga Inc.

Step-by-Step Workflow: 1. **Assignment:** Agent receives designated neighborhood (e.g. Sinza, Kimara, Tabata). 2. **Identification:** Look for 'vacant' signs, speak with community members or local landlords. 3. **Engagement:** Politely approach landlords, explain the platform, and gain consent to list their property. 4. **Data Collection:** Using the provided rugged Android terminal: - Input rental price, payment terms, house type - List amenities (e.g. water, electricity, parking, WiFi) - Capture high-quality images (inside & outside) - Pin property location using GPS 5. **Upload:** Submit via the FieldOps Agent App. Ensure all fields are filled. 6. **QA Review:** Listings reviewed by supervisor. Approved listings trigger commission.

Code of Conduct: - Always wear FieldOps ID badge - Be respectful and professional - Do not promise guaranteed tenant placement - Never manipulate location or pricing data

Violations: Misrepresentation, fraud, or misconduct will lead to immediate suspension.
